VOL. 10.

CLAY CITY, KY., THURSDAY, OCTOBER 5, 1905.

NO 40.

The Will of W. A. Hoskins.

The will of W. A. Hoskins, deceased, was probated in the County court Monday. The farm and personal property is to remain in the possession of his son, Herman, who in consideration must care for his mother and single sister. At the expiration of the five years, the estate is to be divided according to law.

For Sale.

Fresh grown ginseng seed at reasonable prices. J. W. Mize, Vaughn's Mill, Ky.

Damages Awarded.

Miss Millie Skinner was allowed \$75 damages by jury for right of way on the new Black Creek road. The viewers assessed the damages at \$50, but this amount was rejected and the case appealed to the County court with above results.

His First Sermon.

Pastor Geo. D. Prentiss preached his first sermon in the Methodist church Sunday morning, and preached again that night. He made a very favorable impression with his congregation.

Stole Twenty-Five Dollars.

Saturday night, Joe Cooper a young negro man, stole \$25 in bills from Joe Mountz. The money was taken from Mountz' hip pocket as he passed up Sixth ave. from the barber shop. Mr. Mountz had been in the barber shop and was seen by Cooper to put the money in his pocket. Cooper was suspicious on account of lavishly spending money at a saloon Saturday night, and was seen with some money in bills. When first arrested the negro claimed that the money was given him by his father. His father confessed to having given him some money but the amount given and the amount in Joe's possession didn't correspond; then he said he found it, but at last confessed to the act. Mr. Mountz recovered \$17.50, the remainder having been spent before arrest.

The negro formerly drove a delivery wagon for Rose's store, but more recently has been working at Central Hotel. He is in it bad now and will spend the greater part of the next few years in the employ of the Commonwealth at Frankfort.

The Good Roads in Estill.

Last summer in our neighboring county Estill, this side of Irvine, a demand for an improvement of the miserable mud roads took hold of some of the enterprising citizens who earnestly went to work. With the proper methods applied, a first class road was produced, for at least a few miles. A subscription was asked from all persons possibly interested, and they, in the majority, subscribed liberally. This with some aid from the county enabled the people to get some road of fine quality for a mountain county. The road in the worst clay places was bedded with rock and then graveled, making a fine pike. Other places not so bad, were just graveled. The consequence was that last winter instead of the miry knee-deep clay mud roads, these people had a fine road to travel into the county seat.

These few miles of excellent road were built at a possible cost of not more than two hundred dollars per mile, but the material, of course, was very convenient to get. All of this was brought about by a spirit of enterprise in the right direction and a determination on the part of the promoters. Other counties can do the same thing if they will only go at it in the right way.

Fine Powell County Apples.

Charles A. Conlee, who lives near Stanton was in the city Friday with a wagon load of as fine apples as we ever saw. They were of the Ben Davis variety and simply unsurpassed. He readily sold them of course as such fine apples never strike a dull market.

What Mr. Conlee is doing can be duplicated by others in Powell county and at the same time it be a source of much profit, and pleasure. If there was much of such fruit growers in the county there would soon be buyers here to purchase every bushel at a

very fair price. They would be shipped to the city and placed in storage for winter market. Every farmer should have an orchard of not less than four or five acres, and it should consist of a variety of fruit so if one kind got killed others would bear.

Fruit on our \$10 per acre land does better and yields as much per acre as it does \$100 per acre land in the bluegrass, but on this costly land some get rich growing fruit while we allow better fruit land to take to bushes and briars, and complain of the poor country and hard times.

About Bridges.

It seems that Powell county in the matter of bridges is going to be outstripped by her neighbor Lee county, since the latter will vote on the proposition to issue bonds, amounting in all to \$45,000.00 for the construction of three bridges in the county. If the proposition carries, Lee county will soon have three steel bridges across Kentucky river at important crossings. From the proposition it will be seen that a bridge in Lee across the Kentucky river is figured to cost five times what one costs across Red river in Powell county.

We in a few years, are going to get some bridges without bonding the county. The county is now out of debt, the court house and jail being paid for, and with the bridges, one at the time, as we can pay for them. Mark our prediction, the sentiment is strong and our officers are anxious for the improvement which is sure coming.

The Wood and the Coal Fire.

"Ah! said the Wood Fire to the Coal Fire, 'you don't give half the joy and happiness that I do I send the shadows flickering and dancing on the walls and sing to the little folks, and make bright pictures for them, as they watch my sparks go upward like fireflies in the night; and the old folks dream dreams of long ago, and hear the old sweet voices, and see the old, loved faces in my flames; I bring them memories—some touched with tears, and others wreathed in smiles; and they draw closer to each other; and a deep sense of Rest is theirs, and sweetest sleep, that kisses down their dreaming eyes, I sing the stormy winds away, and the loneliness of the rain that dashes down the winter night. I am light, and warmth, and peace, and love, and rest!'—And the Coal Fire answered. 'It is true, and well you play your part! But what can I do? I belong to the Coal Trust, and the Coal Trust has no heart—no love for little children and sweet dreams! It only has money to burn, and money is not Love:—'tis but a cold and hard reality while Love is all in Life! But still, I do my duty; and I have dreams—if they will dream them; I bring them silent comfort, and visions of deep mines that hold the secrets of ages. But the Coal Trust—well, goodnight!'—Exchange.

Frank Hughes and Cliff Haggrad, of Ruckerville, were in the city yesterday on business.

Judge Hargis was acquitted at Winchester on the charge of spiriting away witnesses.

Democratic Convention.

The Democrats of Clay City are hereby called to meet at the City Court Room Saturday, Oct. 14 at 7:30 p. m. in mass convention to nominate candidates for the various city offices to be voted for at the coming November election. All Democrats in the city are requested to come out.

C. W. BARNETT, Ch'm.

Clay City's Registration.

Tuesday's registration in Clay City was very satisfactory to everybody but the Republicans. There were 113 voters registered as Democrats, 45 as Republicans and 3 as independents. This is a very healthy gain for the Democrats, and the supplementary registration will show even greater gains.

SPOUT SPRING.

Most all the diphtheria cases in this school district are now improving.

Moses McKinney, of near Mt. Sterling, is visiting friends and relatives in this community this week.

Mr. and Mrs. Marion McKinney, of Lexington are visiting their parents and other relatives at this place.

Moses McKinney and W. J. Christopher, Jr., called on lady friends in Irvine Tuesday evening.

Since the closing of our school last week on account of diphtheria, Miss Amanda Todd, teacher, has returned to her home at Irvine.

Married, Sunday, October 1st, at the residence of the bride's father, George Hall, near this place, Miss Mattie Hall and J. D. Sparks, Elder B. F. Wright officiating.

Mr. and Mrs. A. R. Lowry, formerly of this place, but now of Normal, McLean county Illinois, are here visiting the former's father, W. J. Christopher and other relatives in the county.

There will be preaching at the Baptist church Saturday and Sunday mornings by Elder George W. McIntosh. Everyone who can come out, is cordially invited to attend these services.

David Snowden returned last Friday from Bourbon county where he has been employed for the past several months. He says early tobacco crops in that county are now beginning to be stripped.

Mr. Bryan declared that a syndicate of insurance companies and other large financial concerns brought about his defeat in 1896. Mr. Bryan's declaration was scouted by the Republicans at the time. Recent investigations of life insurance companies have proven that Mr. Bryan spoke the truth.

The board of trustees of the Fordsville Graded school, issued bonds to the amount of \$4,000.00 with which to build a house, and as the proposition was not submitted to a vote of the people, the taxpayers refused to pay. The bond holders brought suit and was awarded the school building in settlement; this decision is upheld by the court of Appeals.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

An Open Letter.

In an open letter to President John A. McCall of the New York life insurance company, Franklin Leonard, Jr., a defeated democratic candidate for Congress in the 17th district of New York city, yesterday asked Mr. McCall how much of his money, paid on a life insurance policy, had been used to defeat him. Mr. Leonard's letter was prompted by President McCall's statement before the legislative investigating committee that he had ordered a contribution of about \$480,000 to the Republican national campaign fund in 1904. In his letter, Mr. Leonard says: "Last year I held a policy amounting to \$20,000 in the New York life insurance company, and paid the yearly premium. At the same time I was nominated for Congress by the Democratic party in the 17th district. This was a close and doubtful district, and you will doubtless admit that large sums from the Republican campaign fund were expended in this district. Personally I am satisfied that those funds helped materially to bring about my defeat. I would particularly like to know how much of my money paid to your company in trust for my little family after my death, together with the funds of more than 23,000 other democrats and friends who cast their votes for me in the 17th district, was used to bring about my defeat and to defeat the will of these voters. I venture the opinion that even my Republican opponents would hardly advocate the use of my funds and the funds of thousands of other policyholders in this manner."

Paying Own Expenses.

W. J. Bryan is making a trip around the world but he is not out on the expense of others. He flatly declined the free use of a private car. He always has and always will pay his way. He is no sponge. It is not so with Roosevelt. He has ridden over the country for years in free special trains made up of most luxurious cars and lived on the bounty of the railroads, at a cost to them of many hundreds of thousands of dollars.

If we received \$50,000 00 annually, we think we could pay our own car fare and live quite comfortable besides.

Maryland Democrats.

The Democrats of Maryland have but one issue in their campaign and that is the disfranchisement of the negro. Their platform declares as follows:

"By common consent the only issue in this campaign is whether negro suffrage put upon us against our will by force shall be

restricted and its power for evil destroyed.

"We make it the single issue of this campaign. We desire it to be our battle cry.

"The negro vote, as it stands today, is a perpetual menace to the perpetual peace of Maryland—a menace to our very civilization—for it is ignorant, corrupt; the blind instrument of selfish leaders."

Commissioner of Internal Revenue, John W. Yerkes, is up against it since he made the ruling that dealers handling patent medicine containing a large percent of alcohol should pay the usual tax collected from rectifiers. The immediate enforcement of the law will be held up to give the manufacturers of such medicines a hearing.

In an opinion of the Court of Appeals handed down by Judge O'Rear, the tax collector doesn't necessarily have to always sell personal property to make tax before levying on land. Thus it seems the Sheriff may levy on either personal or real property to collect what is due the State.

Talk good roads, boost good roads, dream of good roads, and work for good roads until we can ride good roads in every direction from Clay City. Then our town and surrounding country will begin to improve, and not much until.

While each Democratic policyholder in the Equitable, was voting his own little ballot for his principles, his insurance company was casting "\$50,000 worth" of them for the Republican candidate.

There is yet one way if you are a policyholder by which you can avoid contributing to the Republican campaign fund and not sacrifice your policy, but you have to die.

Dr. A. T. Knox, Republican nominee for County Judge, has withdrawn from the race, and M. A. Phillips, nominee for County Attorney, is also off the track.

Those insurance magnates who worked so hard for sound money are now finding that it makes infernally too much sound.

BEAUTIFY YOUR HOME WITH KINLOCH PAINT

READY TO MIX NOT READY MADE

Important Memorandum—The painter at the most important factor in painting. A job completed by a good painter with the best quality of paint, costing only \$10.00 (one dollar), will last five years. The same paint applied by a cheap painter (50¢ per gallon) will last only one year. Thus the "pay-per-can" of the good painter's job is \$12.00—the poor painter's \$50.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

If You ARE A Democrat
Or if You are not You will want to read
Bryan's Commoner.
ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.
These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.
If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.
The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner one year both for \$1 10.

CURES STOMACH TROUBLES
THE body gets its life from food properly digested. Healthy digestion means pure blood for the body, but stomach troubles arise from carclousness in eating and stomach disorders upset the entire system. Improperly masticated food sours in the stomach, causing distressing pains, belching and nausea. When over-eating is practiced in the stomach becomes weakened and worn out and dyspepsia claims the victim.
Thedford's Black-Draught cures dyspepsia. It frees the stomach and bowels of congested matter and gives the stomach new life. The stomach is quickly invigorated and the natural stimulation results in a good appetite, with the power to thoroughly digest food.
You can build up your stomach with this mild and natural remedy. Try Thedford's Black-Draught today. You can buy a package from your dealer for 25c. If he does not keep it, send the money to The Chattanooga Medicine Co., Chattanooga, Tenn., and a package will be mailed you.
